

GUIDE TO FREEDOM OF INFORMATION

Date Last Updated: 26th February 2019

INTRODUCTION

The Freedom of Information (Scotland) Act 2002 (FOISA) provides individuals with a right of access to all recorded information held by New College Lanarkshire. Anyone can use this right, and information can only be withheld where FOISA expressly permits it.

FOISA requires New College Lanarkshire to adopt and maintain a publication scheme, and to publish information in accordance with that scheme. A publication scheme is a document which describes the information the College publishes, tells the public where to find it, and whether there is a charge for it. When deciding what it will publish, a college must consider the public interest in information about:

- its services, the cost of providing services, and the standards attained by those services
- the facts or analyses, or the basis on which it has made decisions of importance to the public
- the reasons for the decisions it has made.

The Act also allows the Scottish Information Commissioner to prepare model publication schemes which can be adopted by a group of authorities. The Commissioner has developed a Model Publication Scheme ('MPS') which is suitable for adoption by all public authorities, including Scottish Colleges. The MPS was last updated in July 2017 and information on the MPS and associated guidance can be found here:

www.itspublicknowledge.info/mps

New College Lanarkshire has adopted the Scottish Information Commissioner's MPS in its entirety, without amendment. This means that we are committed to publishing all the information we hold, which is described by the classes in the MPS.

OUR GUIDE TO INFORMATION

This document is the Guide to Information which New College Lanarkshire makes available under the classes described in the MPS. It:

- allows the public to see what information is available in relation to each class
- states what charges may be applied
- explains how to find the information easily
- provides contact details for enquiries and to get help with accessing the information
- explains how to request information that has not been published.

Alongside FOISA, the Environmental Information (Scotland) Regulations 2004 (the EIRs) provides a separate right of access to the environmental information that we hold. The MPS also covers environmental information.

ABOUT THE MODEL PUBLICATION SCHEME

The MPS sets out eight broad classes of information, and by adopting it, New College Lanarkshire is committing to publishing everything that it holds which falls into the broad description given for each class. The MPS classes are:

- Class 1: About New College Lanarkshire
- Class 2: How we deliver our functions and services
- Class 3: How we take decisions and what we have decided
- Class 4: What we spend and how we spend it
- Class 5: How we manage our human, physical and information resources
- Class 6: How we procure goods and services from external providers
- Class 7: How we are performing
- Class 8: Our commercial publications
- Class 9: Our Open Data

The MPS also describes the standards for e.g. copyright, charging, availability and formats, which an authority is committing to when it adopts the MPS - while this Guide sets out the specific arrangements we have made at New College Lanarkshire.

EXEMPT INFORMATION

If a document we publish contains information that is exempt under Scotland's freedom of information laws (for example sensitive personal information or a trade secret), we may remove or black out the information before publication but we will explain why. Note that information will only be withheld, however, where FOISA (or, in the case of environmental information, the EIRs) expressly permits it. If you wish to complain about any information which has been withheld from you, contact Brian Gilchrist, Assistant Principal (Freedom of Information Officer) by email: Brian.Gilchrist@nclan.ac.uk or by telephone 0300 555 8080.

DURATION OF INFORMATION

For all information published via the College's Guide to Information, the College will endeavour to make information available for at least the current year and previous two financial years. Where information has been updated or superseded, the College will publish the current version only although previous versions may be requested from the College under section 1(1) of the Freedom of Information (Scotland) Act 2002. Please note that the College's financial and reporting year is 1 August to 31 July and some information may be presented on this basis.

TERMS USED

TERM USED	EXPLANATION
FOISA	The Freedom of Information (Scotland) Act 2002
EIRs	The Environmental Information (Scotland) Regulations 2004

NOTIFYING THE COMMISSIONER

Authorities adopting the MPS for the first time must notify the Commissioner that they have done so. Thereafter no further notification is required unless either:

- i. The Commissioner has revoked approval (because the authority is not complying with the MPS); or
- ii. The authority's legal status has changed (e.g. through a merger with another authority or a legal change of name).

New College Lanarkshire submitted a notification form to the Commissioner at the point that the College was created through merger, due to our legal change of name and the merger of three public authorities to create New College Lanarkshire.

The relevant timescales are published in the same locations and in the same form that the information will ultimately be published.
